“ I am sorry for the late sentiment Arlene, but I just read the obituary this morning in the Record.  
Having had the privilege of serving Emerson as an elected official for eleven years, three as a Councilman and eight as Mayor. Gave me the opportunity to truly get to know and respect you for your knowledge and friendship.  
I relied on you many times during those eleven years and whenever I did you were always there to help, you made me a better Mayor.  
I still treasure the letter you sent to me on Dec. 18, 1999 just before you retired it is on the wall of my office for all to read.  
My God bless and protect you.

“ I knew you had left our world and I pray you find peace and comfort. You were amazingly beautiful and smart and made your way through difficult times. You had children that loved you and grandchildren who are special people. I know you had two great grandchildren and that is a true blessing. You were blessed in life and blessed in heaven.  
Knowing you was a pleasure and I see the pain in your daughter's face. I am sure soon, she will smile again and the memories will be beautiful things.

“ Mom: Do you remember TJMAXX, the Bakers Perfection, Costco, all of our plants, our similar taste, Morgan's as well. Mike was so happy to see you he glowed. Your doctors all sent notes and all the wonderful aides have called every day. You were special to them as to me. I am just hoping you are as beautiful as ever wherever you are and that you remember the love in your life and those who loved you. It is going to be hard. First thanksgiving, first BDay, First Christmas and so on. Not quite sure how it will be but I ma not thinking fun. I hope there is peace and comfort and you can get your rest. It will be a long while until I can accept this but I pray every night you are comfortable and happy. I love you Mary

“ I only met you a few months ago but you and I told each other we loved each other often. Stunning, beautiful, accomplished, a woman before your time. I knew your wonderful daughter Mary Hollenbeck for 30 plus years living in Green Pond and we always hit it off. As soon as she called I came to help. That day I had to rescue you out of Covid crazed St Clare's I was furious. But you even beat getting that!! I tried to prepare your family who I came to adore for what may or may not happen. I'm not God and I've seen people with your fortitude want to stay with your loved ones for along time. But you went and it was peaceful and your beloved Mary was by your side. I'll be there for your family now. It's time for you to enjoy those you've been separated from way to long. Mary has Ed and me. Morgan has Harry and me. Betsy and Layla have Joe and me and I got Gus Gus and Maddy 'Moms Mom' I love that endearment and I love you and your family too. I'm so thankful that I was allowed to be part of the most intimate time in your life. I'm sad and miss you you too. Im actually stunned how saddened I am. But you got into my heart where you will always dwell. Love you 'Moms Mom' 🤗

“ I will miss you Mom. I wake up and you are not there. I know there is a way to feel like you are here so I will try that next. I just hope you know I am thinking about you and will think of you always. I love you. Mary
