“ I was truly saddened to read of Bern's passing and wanted to express my condolences to Sherry and Peter, as well as the rest of the family. Bern was one of the very first editors I worked with when I began a freelance travel writing career in 1994. He took a chance on me and gave me that initial boost of confidence to keep going. Naturist publishing lost one of its very best. So sorry for your loss.

“ Bern will be missed by many. I enjoyed his conversation as a friend and as a former business associate.
Take care and take time for yourself.

“ This news was really a shock and how sad – only 64 years old. I only met Bern once, at the Parrot Head Fest in March 2005 at Haulover Beach. However, we had communicated by mail, e-mail and phone for years about my submissions to his magazines. My first nationally published *Nude Attitude* article was in the last issue of *The Event* – Summer 1990 (Submitted the old way, double spaced on paper). It was sort of a controversial subject but Bern went for the controversial. My next article was published in the premier edition of *Naturally Fall/Winter 1990*. I made submissions of articles and photos to *Naturally* for the next decade and Bern helped me understand the publishing and editing end of writing (He had me rewrite a lot of my stuff) and it was always a pleasure getting his feedback on my ideas. Bern and I made some nice nude art together and he will be missed.
