“ To the best Mom in the world, I was so lucky to have you in my life for 67 years! You taught me alot, one amazing talent you taught me was the art of baking, you had the best recipes and showed your daughter's how to become great bakers, which we have turned out to be.

Mom and Dad worked really hard for so many years,7 days a week.

As I go through life I

have instilled in my children what you taught me growing up and that is good work ethics.

I will miss you dearly, I know you are in heaven with Daddy, may you rest in peace and know you had a wonderful life.

Atlantic City will never be the same without you, love you Mom,
Judy
