“ *Herb was my step grandfather but the only grandfather I would ever know and loved very much. He built a tree house with a swing set attached for my kids when they were younger. I will always remember him for that and his love for the Lord and His church. He would always help on Saturday to pick weeds or mow the grass before church the next day. I will miss sitting with him on his swing behind his house eating cookies and drinking tea. Love you Herb and will see you in heaven someday!!! - Richard G Nyman JR.*
