“ Ruth, I hope this message finds you surrounded by love and support during this difficult time. I was deeply saddened to hear about the loss of John. I want to extend my heartfelt condolences to you and your family. Having known you and John for many years. One of my memories I hold dear is seeing you and John coming to the basketball games. Even though your children have all grown and have children of their own. Seeing you and John in the stands passionately rooting for the Falcons with your unwavering support for the community and each other. Those memories of enthusiasm were truly special and remain etched in my memory forever. As you navigate through this period of grief loss, please know that you are not alone. You have a community of friends and loved ones who are here to offer support comfort and strength in any way we can. John's memory will live on in our hearts of all who knew him and his legacy of love and kindness will continue to shine brightly through you and your family. Michele Grieves
