“ Dear Sophie,

It took me some time to catch up with you. It is very sad that Joe passed away. He was a wonderful guy! I'm glad you had some retirement and travel years together. Too bad these times were always good to Joe's health. You were lucky to have him. I know I miss him. I hope this message reaches you, I never knew about the funeral services so couldn't attend. I have some letters he wrote to me over the years. I will send them on to the old address hoping they will reach you. Also will have a mass said for him. Its not too late to do that. Love to you all.
