Keith grew up in Butler and graduated from Butler High School where he had played three sports and was captain of the football team. He attended West Chester State College, where he majored in Health and Physical Education.

In 1969, Keith married his wife, Betsi (nee Mary Elizabeth Norcross.) They met on campus the very first week of freshman year. Their love lasted for over half a century. Student Council Advisor. In 1981, Keith left teaching and entered the field of corporate sales. He worked for Zenith Electronics, Brother International and Sharp Electronics, where he rose from National Sales Manager to Vice President of Sales and Marketing.

“ God puts people into each others lives for a reason. I am blessed to know Keith and Betsi for a short time but our time together was impactful, loving and will never be forgotten. Fly high Keith. Stay strong Betsi.

“ Keith was my cousin, and I have many fond childhood memories of our visits with our grandparents at their summer cottage in Green Pond. In our adult years, distance prevented many face to face reunions, but I was grateful to share time at several family weddings and wish we had been able to share more time together. My deepest sympathies go out to all his family and especially to Betsi, who was his special love.

“ I used to tease Betsi through Keith when I would loudly proclaim how good he seemed to be "holding up" despite being married to Betsi! I would tell Keith I would shake my head and say I just didn't know how he did it for all the many years. Keith was right there to play along and would say, Jean, you have no idea, nobody really knows what that woman puts me through !Keith was a true gentleman and a total gentle man as well. I will miss seeing his patience and kindness to others in action, but hope to one day see this friend of mine again. I hope he knows that Larry and I will do our best to be supportive of Bets-o whom we love very much.
