I still cannot believe, my dear one has passed and is on his way to.....

Michael's Obituary

Michael Glazer, 64, of West Milford, NJ died Friday, April 13 at Villa Marie Claire Hospice in Saddle River, NJ with his wife Janice by his side. He and his wife received exquisite care and comfort from Dr. Vialotti, his nurses and our family and friends during Michael's last days on Earth.

Michael graduated from Pompton Lakes High School and Ramapo College. He formerly resided in Pompton Lakes, NJ, Leonia, NJ and San Francisco, CA.

His career interests, passions and successes were unique. Over the years he was a trusted and gifted remodeling contractor, former President of the Remodeling Source LLC., Computer Consultant at NetiSphere, Founder and Therapist of Massage Group Therapies, Sales Representative with Weichert Realty and Quality Service Inspector for DentCo.

Michael enriched the lives of so many people in so many ways. He was a kind and gentle soul, generous with his time, sharing his expertise and knowledge he taught himself over the years.....always there to help his friends and family. His strong, positive spirit was encouraging to all who knew him. As many friends have said, there is now, for all of us, a Michael shaped hole in the world grateful to have known him and sadness for having lost him.”

Michael and Janice, for 39 years, rejoiced in each other and supported each other as anchors in rough waters. He was like a loving and devoted father to Danielle Juchnewich and her husband T.J, and Kristen Moore and her husband Skylar, and loving and devoted grandfather to Juliet, Justin, Rhys, Jackson and Bronwyn.

Michael’s extended family and circle of lifelong friends whom he loved, are too numerous to mention.

We will celebrate Michael’s life on Saturday April 28, 2018 from 4pm to 8pm at the Stickle-Soltesz Funeral Home, 187 La Rue Road, Newfoundland, NJ 07435. Come share your “Michael Stories” with friends and family. Janice would love to read your memories and see photos or videos you may have of Michael. You may add them on the tribute wall: www.sticklesolteszfuneralhome.com.

Friends have set up a Go Fund Me Page for Michael’s family, to help them

pay medical bills and recover from financial turmoil due to 40+ hospitalizations during the 14 years he struggled to live with auto immune hepatitis. Please visit this site at www.gofundme.com/healingforjanice

“ Greetings Janice and family.
I only knew Michael through the medical world. We shared experiences together in that world. At the Group he was a dedicated member full of knowledge and commitment to life. He was always great at visiting patients at the hospital. His personal dedication to life was inspiring for me and I am sure for many people in the group. I know Janice you had an exceptionally difficult road to travel. There is no getting around it; all we can do is take Michael's memory for a blessing.

*Michael I have so many memories that are so wide ranging but underneath them all is strength. He rode across SF and the GG Bridge to Marin back but the thing is he had just been released from hospital with stubborn spinal infection. Mercurial, creative, ready to help in a moments notice. Did I say Smart?
I loved to go to dinner with Michael & Janice because he loved good food and expressed it.
He got me listening to jazz. He was comfortable enough with himself to invite us over for New Years and fall asleep inspiring the 3 of us to follow suit.
Had not seen much of the two of you after you left SF. But we stayed in touch often discussing our livers, kids, and all the rest .
Michael left a big impression on me. I loved him and will feel the empty space he once filled. My love to you Janice. I look forward to seeing you out here in the "house" that Michael built.*

“ So very sorry to have heard about Michael's passing...all those that knew him and were lucky enough to call him, "FRIEND" lost a very good man far too soon. I have known Michael for quite a few years as a client and friend and have nothing but good things to say about him. A true gentleman in every sense of the word. My wife and I were fortunate enough to have enjoyed an exceptional evening dining together many years ago with both Michael and Janice and treasure that memory. May God rest his soul!

“ About ten years ago Michael worked on our house for about four weeks. I spent two of my vacation weeks working side by side with him. We spent that time in cramped basement corners, attic crawl spaces and usually covered with dust and debris. I so enjoyed my time with him then. We worked well together and talked about all sorts of things. I admired his knowledge and ability to speak intelligently about most any topic.
He was a true renaissance man.

One day I told Michael I wasn't going to be able work with him that afternoon as we were going to a funeral. After lunch and cleaning up I walked into the garage in my dark suit and said...Michael, we're heading out. He said O.K. HAVE FUN.....I looked at him and just started to laugh. He was so embarrassed when he realized what he said. He said "I'm so sorry...that's not really what I meant". I of course knew it was just one of those moments of being pre-occupied.

What was most heartwarming to me was that our daughter Liz was between jobs and at home with us during this time. Michael would often sit on the front steps with Liz during his lunch or afternoon break. Liz always said she will always remember those conversations and how kind, smart, compassionate and just plain NICE he was to her. I am grateful for the tenderness he showed her.

We love you Michael and we will keep you in our hearts as we tell theses stories.

To all those who loved Michael keep telling stories of him and among the tears of sorrow my there be a tear of laughter.
