“ Thinking back to joint family vacations when our kids were young, especially our trip to Virginia, when Mike predicted a tornado was coming...and it did! And then there was our visit to the Louisville Slugger plant topped off with dinner at Sarah Sanders (the Colonel's wife) Restaurant in Indiana. Mike would talk about that creamed spinach for the next 35 years.

Then there were the father/son boy scout camping trips where the other (not so lucky) fathers would drool over Mike's gourmet breakfasts and dinners that he made for us on his outdoor stovetop. And of course, Mike never lost his sense of humor...always had a new joke to try on you.

Just some of the fond memories we have of our good friend.

Rest in Peace Mike...you'll always be missed!

“ *Mike was more than a friend to me.....more of a brother where we enjoyed over 40 years of experiences. He was an avid fisherman, loved to experience new adventures via travel ,a person who was compassionate and caring, and a crappy golfer .I am proud to say he had a relationship with my ENTIRE family and was godfather to my son Jonathan and attended my other children's weddings. My fun experiences include cutting firewood at Pine Camp (where we blew out transformers) ,cookouts ,fishing, (lakes, stream and ocean) and cocktails. He was a person I talked with every week up until the end. Our discussions involved family ,sports ,politics ,and a host of topics that involved solving the worlds problems. A funny sidebar ,his Giant license plate was my dads who was also a Giant fan that I a not .My heart and prayers are for the Perrier family. Peace and Fond memories to ALL*
