“ Dawn & Al,  
*I'm so sorry for the loss of your beloved father. I personally know how much of a great and talkative guy he was. When ever I came over he'd sit and talk for hours. I always felt like family when talking to Mike. May he fly high with the angels in heaven.*

and never complaining or looking for anything in return. Boy did my Mother Love you. Years later our friendship grew going to garage sales, many a time with my kids in the back of your MG with the top down (oh what fun we had). You became a big part of my family and was respected and loved by them all. Christmas mornings were so special to have you stop over for breakfast. We became business partners and made it work for over 20 years creating several Toy Shows. You taught me so much about life, collecting, friendship, honesty and loyalty. You were such a good person to people and animals. Your departure leaves a big hole in so many lives. But know your spirit lives on in all you touched.

I will miss you, my second Dad and hope your enjoying "Pick in"

“ I love my Dad with all my heart .I will miss him but I am thankful we had many years together it is because of him I have the passion for cars we would always talk about my next project and what I should do to it. I thank him for that .His knowledge was vast and wish I had half of what he did . Dad was a good man he loved his family and all his animals and as he would put it all his shit too . My Dad was born on August 23rd which makes him a Virgo but he always said he was a Leo and I would argue about that with him and now I see why he was truly a Leo because he had a heart of a Lion .Thank you for the life you gave me Dad I love you your Son Michael.

“ My Dad means the world to me, & I love him with all my heart. My Dad lived with my Husband, Al, & I for the past few years... our Home feels empty without him here. I miss seeing him when I leave & come home. I miss his hugs & kisses. I miss Him. I am heartbroken that he is gone. We cared for him when he was not feeling well, & he cared for us when he could do things to help. He was the best Daddy You could ever ask for in life. He took the time to play with us when we were children & let us ride our bikes in the House. As we grew older, he taught us valuable life lessons, what it meant to be a hard worker & a good, loving person. My Dad was a very good man – he would do anything for anyone or any animal. My Dad loved animals. My Dad spent a life time as a Mechanic in his Family Business in Jersey City – the Neighborhood Garage. My Dad loved cars! He had an antique Business – Times Gone By - & was always a collector of toys & pretty much anything. He also loved owning & running the Toy & Collectible Show in Wayne with his Friend, Phil. My Dad was very close to his Friend, Charlie Hummel. Charlie was more than a Friend, he was my Dad’s Brother. My Brother & I would always tell everyone that he was our Uncle Charlie. Charlie always – no matter what – went above & beyond for my Dad. I am extremely grateful for everything that Charlie has done & continues to do. I know Charlie loves & misses him very much. My Dad was a well of knowledge & shared it with all of us... my Brother - Mike, me, his wife- Carol, & his Friends. Although my Dad is gone, I am happy for all the years we had together – especially the ones when he lived with us. There were some tough times together in the house, but we always got through them. I made sure that he knew I loved him very much & only wanted the best for him so that I could have him around for a lot longer. I know my Dad loved my Brother, Mike, & I to the ends of the earth. My Dad loved my Mom & his Wife, Carol. I know that my Dad is no longer suffering. I know my Dad is in Heaven with my Mom. My Dad always stood by me & always told me how proud he was of me. Thank You for the Life You have given me Daddy. Thank You for always loving me Daddy – I will miss You forever & cherish all the memories. Love You With All My Heart, Your Daughter, Dawny
