“ *I had the privilege of working with Scott on projects at the VA boiler plant, where his passion, dedication, and care for others always shone through. Scott made sure every job was done right and the place was left impeccable—a true reflection of his pride in his work and respect for others. He had a gift for conversation and filled every room with his enthusiasm, making even the toughest days brighter. His kindness, energy, and spirit deeply touched all of us. He will be profoundly missed. My thoughts are with his family and loved ones during this difficult time.*

“ My condolences, thoughts and prayers are with Scott’s family especially his children who he often spoke of. I worked with Scott at the VA for about 15 years and during that time I came to know him as one of the most dedicated and caring individuals that I had met over the course of my career. He called me a lot to discuss work and I always felt confident that he was trying his best to keep his Boiler Plant and staff in a safe operating environment. His kindness, inspiration and compassion for others including the military veterans that he served at the VA will always be remembered by those who knew him. He will be greatly missed.
