“ *Toshi was born with a leg foot handicap filled with courage her and the help of her dad a dentist, she was given a specially made set of skates as a gift by her dad. Later she over came her handicap, and became a youthful champion skater in Japan. She immigrated to America, and became a chemist for most of her working career. She was a member of the Milton Golden Age Club, and enjoy attending club luncheons and especially dinner parties and dancing with club friends. She was a kind and gentle soul loved by anyone whom was lucky enough to have known her. She and my late mom enjoyed antiques and visiting shops to see them in north Jersey. She will be deeply missed. Mike Moritz*
